

| Concurrent Session (ROOM 1: A0101)--May 27 (Full day) & May 28 (Morning) | | | | | |
|---|-------------|-------------|-----------|---|---------------------------|
| Date | Time | Type | ID | Title | Presenter |
| 27-May | 08:00-09:20 | Oral | 409 | Impacts of Immersive Virtual Reality on Three-Dimensional Design Processes: Opportunities and Constraints for Landscape Architecture Studio Pedagogy | Ole Sleipness |
| | | | 242 | Introducing Video and Film Studies as a Visual Tool into Landscape Architecture Curriculum | Melinda Appold |
| | | | 184 | Parametric Environmental Analysis Method Using Rhino and Grasshopper with Plug-in Programs: Case Study of Bogwang-dong in Seoul, Korea | Hyunji Je |
| | | | 338 | The Combination of Virtual Environment and Simulation Based on Virtual reality technology: the Feasibility Study of the BaiCaopo Forestry Park | Xin Wang |
| 10-min Break | | | | | |
| | 09:30-10:50 | Oral | 85 | Research on Advanced Knowledge Structure Model in Basic Teaching of Landscape Architecture Design: Based on the Architecture Platform | Ying Tan |
| | | | 108 | Andragogy for Non-cohort-based Design Education: Lessons from the U.C. Berkeley Extension Certificate Program in Landscape Architecture | Christopher Hardy |
| | | | 323 | Making a Case for Including Community Engagement in the Curriculum | Terry Clements |
| | | | 22 | Comparison of Sino-Canadian Teaching Strategies: Impression and Experience at Dalhousie University | Lan Chen |
| 10-min Break | | | | | |
| | 11:00-12:20 | Panel | 235 | New Methods in Visualization Pedagogy | Jennifer Birkeland et al. |
| Lunch (12:20-13:30) On Your Own | | | | | |
| | 13:30-14:50 | Oral | 12 | Revisiting Scholarly Production Among Recently Tenured Landscape Architecture Faculty | Ole Sleipness |
| | | | 25 | Bridging Design and Site Grading Principles in Teaching Site Engineering for Emerging Landscape Architects | Hongbing Tang |
| | | | 93 | Applying Immersive-virtual-environment technology in design studio teaching of sense of scale | Yujia Zhai |
| 90-min Interactive Presentation (Poster), Lobby (near Registration) / Coffee-Tea Break (14:50-16:20) | | | | | |
| | 16:20-17:40 | Oral | 379 | Engaging Complexity in the Design Studio | Valerie Friedmann |
| | | | 460 | Shaking hands with the landscape: integrating perceptualist theory into a studio curriculum | Kimball Erdman |
| | | | 140 | Neural correlates of Design Thinking and Designers' Learning Styles: An fMRI study | YU-CHEN YEH |
| 28-May | 08:00-09:20 | Oral | 190 | Site Habitat Design with Space Creation & Scenery Perception: Research for Series on Planting Design Training of L.A. in Architecture School Background | Lihua LI |
| | | | 161 | Studio Yangon: Engaging Urban Change | Scott Jennings Melbourne |
| | | | 21 | Building Sponge City in China: Examples of Landscape Architecture Curriculum on Stormwater Management in the United States | Yi Luo |
| | | | 212 | Promoting Ecological Landscape Architecture in Guizhou Province based on a Participatory Classroom Model | Juanjuan LIU |
| 10-min Break | | | | | |
| | 09:30-10:50 | Oral | 269 | Nurturing Landscape Architecture students Ethnographical Perspectives via Somatic and Semantic Experiences | Zhen Xu |
| | | | 420 | Reclamation to Re-creation: A Hands-on Experience to Design and Construct Recycling Bins with Reclaimed Materials | Qing Lana Luo |
| | | | 437 | Meta, Meta: Curating Design Duluth | Karen Lutsky |
| 10-min Break | | | | | |
| | 11:00-12:20 | Oral | 441 | Project Based Learning in Landscape Architecture History | Jeremy Merrill |
| | | | 145 | Personality type and learning in the design studio - a pilot study | Mike Barthelmeh |
| | | | 65 | Building an Understanding How Design Studios Promote Cognitive Development and Creativity | Arthur Rice |

| Concurrent Session (ROOM 2: A0103)--May 27 (Full day) & May 28 (Morning) | | | | | |
|--|-------------|------|-----|---|-------------------|
| Date | Time | Type | ID | Title | Presenter |
| 27-May | 08:00-09:20 | Oral | 272 | Who is "The Boss"? Ten Year Review of Administrative/Leadership Job Openings in Landscape Architecture Programs in North America | Taner Ozdil |
| | | | 277 | Integration of Landscape Performance into Site Engineering Curriculum | Kirk Dimond |
| | | | 352 | Opportunities and Obstacles in Online Teaching in Landscape Architecture | Jeremy Merrill |
| | | | 440 | Student Expectations and Perceptions of Learning in Off-Campus Internships: A Comparative Analysis of Traditional Placement and Faculty Mentored Experiences | Pat Crawford |
| 10-min Break | | | | | |
| | 09:30-10:50 | Oral | 438 | A Study of Core Competencies of Selected Design Firms in USA and Its Implications for Professional Education in Landscape Architecture | Changshan Huang |
| | | | 31 | A Comparative Study of BLA Curriculum System in USA and Implications to the Undergraduate Teaching of Chinese Landscape Architecture Program | Xiangyan Wu |
| | | | 188 | Comparison and Enlightenment of the ASLA Student Award to the Landscape Architecture Students Competition in China | Hui-chao Tang |
| 10-min Break | | | | | |
| | 11:00-12:20 | Oral | 342 | Multidiscipline scenario as a teaching methodology in landscape architecture studio | Qingjuan Yang |
| | | | 243 | Identifying and Creating Collaboration Opportunities with Diverse Departments Within a University and the Community Strengthens Landscape Architecture Pedagogy | Melinda Appold |
| | | | 394 | The Vietnam Veterans Memorial App: Reflections on Making the Prototype | Carla Corbin |
| | | | 410 | Landscape as Infrastructure: Bridging Between Design Projection and Design Performance | Tawab Hlimi |
| Lunch (12:20-13:30) On Your Own | | | | | |
| | 13:30-14:50 | Oral | 74 | Research on the Combination of "Law" and "Technology" in Planting Design Courses | Guanheng Li |
| | | | 40 | The teaching practice and discussion of leading GSI content into the "landscape architecture design" course | Si-yuan Wang |
| | | | 344 | the Plan(t)ed Cube: a hands-on educational approach | Julia Georgi |
| 90-min Interactive Presentation (Poster), Lobby (near Registration) / Coffee-Tea Break (14:50-16:20) | | | | | |
| | 16:20-17:40 | Oral | 295 | Research on teaching methods through practice feedback—Case study of Landscape Architecture studio on stormwater management in Beijing Forestry University | Xiong Li |
| | | | 390 | Teaching Creative Confidence in Design Education: A review of literature and implications for beginning landscape design and planning studios | Kelly Cederberg |
| | | | 317 | The Educational System Design of 'Architecture for Landscape' Course Abstract | Dafang Li |
| | | | 120 | "4321" Teaching Mode in Urban Design Course of Beijing Forestry University | Ting Da |
| 28-May | 08:00-09:20 | Oral | 393 | Using Social Media in Assessing Student Learning of Design Concepts: A Theoretical Framework and Case Study | Michael Holmes |
| | | | 402 | 5Di-Lab landscape architecture design methodology in graduate training | Dihua Li |
| | | | 430 | Schoolyards as Outdoor Environmental Laboratories: Urban water quality training in primary and secondary schools | Christopher Ellis |
| | | | 49 | The Significance of the Course of "Cases Interpretation of YUAN YE" in the Development of Landscape Architecture | Hongli Zeng |
| 10-min Break | | | | | |
| | 09:30-10:50 | Oral | 146 | Why we draw trees and flowers? : Changing People's Attitudes toward Natural Environment through Drawing Plants | Joonhyun Kim |
| | | | 189 | Place-writing: Bring Topography into Landscape Architecture Education. | Jieping Chen |
| | | | 192 | Exploration from Students' Design Competition to Practice Process | He Wei |
| | | | 270 | Assessment and Recommendation of Continuing Education for Landscape Architects | Mamata Guragain |
| 10-min Break | | | | | |
| | 11:00-12:20 | Oral | 286 | Drawing Chaos: Living Experiments for the Design Studio | Simon Bussiere |
| | | | 383 | PPMSD as an Interdisciplinary Communication Design Toolkit | Hui Lyu |
| | | | 386 | The Design Competition as a Form of Scholarship | Robert Holmes |
| | | | 464 | Regulating Lines: making use of imaginary lines and design principles in the studio | Bruce Dvorak |

| Concurrent Session (ROOM 3: A0114)--May 27 (Full day) & May 28 (Morning) | | | | | |
|---|-------------|------|-----|--|---------------------|
| Date | Time | Type | ID | Title | Presenter |
| 27-May | 08:00-09:20 | Oral | 204 | The New Progress of the Landscape Design Process Driven by LandscapeSMART | Pang Li |
| | | | 211 | Three-forms Gardens: To Express The Meanings of Chinese Poems by Three Dimensional Composition Skills | Fan Fu |
| | | | 275 | Harmonious Development Model of Humanity and Nature - the Exploration of urban hydrological landscape planning and design | Jie Hu |
| 10-min Break | | | | | |
| | 09:30-10:50 | Oral | 268 | Bioretention Performance with Design Parameters Using Decision Tree Model | Ming-Han Li |
| | | | 412 | Models for Design-Build in Landscape Architecture Curricula: Logistics, Liabilities, and Paradox | Ole Sleipness |
| | | | 320 | The research of storm flood regulation efficiency of the low impact development of exogenous-rainwater park based on the SWMM simulation | Xiaoyu Ge |
| | | | 326 | What Factors Determine the Effectiveness of Low Impact Development Practices?: A Review of Current Literature | Wonmin Sohn |
| 10-min Break | | | | | |
| | 11:00-12:20 | Oral | 109 | Natural Swimming Pools (NSPs) - Principles and Trials with Site-Conform Vegetation | Wolfram Kircher |
| | | | 112 | Trials with Planning Strategies and Substrates for Perennial Plantings | Wolfram Kircher |
| | | | 137 | Reducing of Artificial Factors and Promoting of Natural Factors:The Meaning and Method of LA Minimization Design | Wei Liu |
| | | | 380 | Implementing Green Roof Technology in a Humid Subtropical Climate: results, challenges and opportunities | Bruce Dvorak |
| Lunch (12:20-13:30) On Your Own | | | | | |
| | 13:30-14:50 | Oral | 44 | Re-inventing the Garden Culture in Korea: Focused on the Apartment Complex in Seoul | Kyunghee Kim |
| | | | 311 | Research on Landscape Feature and Evolution in Plants Place-names in Beijing Area | Xiaoyan Zeng |
| | | | 37 | Everybody (i)s gardening – The Impact of Leberecht Migges ideas referred to the present development of urban gardening | Sophie von Schwerin |
| | | | 98 | Aesthetic Experience of Sustainable Agricultural Landscape: A Case of Sangha Farm in Gochang, Korea | Myungjin Shin |
| 90-min Interactive Presentation (Poster), Lobby (near Registration) / Coffee-Tea Break (14:50-16:20) | | | | | |
| 28-May | 08:00-09:20 | Oral | 78 | Research on the traits of cultural routes of Han River basin under the background of population migration | Le Wang |
| | | | 79 | Communication and Combination: the development of landscape architecture heritage under Cultural heritage protection campaign | Quan Wen |
| | | | 84 | The Regional culture Characteristics in Classic Gardens on Yangtze Delta – A Hitorical study of Jichang Garden, Wuxi,China | Peiyao Hao |
| | | | 105 | From west to east: Shan-Shui pattern as the key characteristic of regional landscape character assessment for inheriting the cultural identity | Diechuan Yang |
| 10-min Break | | | | | |
| | 09:30-10:50 | Oral | 331 | Tracing the evolution of Regional landscape system and the development of mountain-water urbanism in Suzhou, China | Xi Zheng |
| | | | 195 | Drain, Reclamation and Settlement : Landscape Architectural analysis of Polder landscape in Ningshao plain | Wei Guo |
| | | | 324 | Design with Nature: Ian McHarg's ecological wisdom as actionable and practical knowledge | Bo Yang |
| 10-min Break | | | | | |
| | 11:00-12:20 | Oral | 225 | Searching for Cemeteries: Death and Burial in West Virginia's Coal Company Towns | Elisabeth Orr |
| | | | 346 | A Multidisciplinary Approach for Documentation and Interpretation of Tunpu Rural Landscapes in Guizhou Province, China | Chen Yang |
| | | | 335 | Recognition and Conservation of Cultural Landscape Elements of Jiuzhai Valley Natural World Heritage | Zhicong Zhao |

| Concurrent Session (ROOM 4: A0115)--May 27 (Full day) & May 28 (Morning) | | | | | |
|---|-------------|-------------|-----------|---|--------------------------|
| Date | Time | Type | ID | Title | Presenter |
| 27-May | 08:00-09:20 | Oral | 50 | Revealing the Historical soundscape of Mount Huangshan National Park during Ming to Qing Dynasty from 23 Pieces of Travel Notes | Xiaoqing Xu |
| | | | 107 | The spatial construction of soundscape in Chinese gardens | Hui Xie |
| | | | 287 | Color(ful) Predicaments in Landscape Architecture | Mira Engler |
| | | | 374 | A study on the evaluation of the Three Hills and Five Gardens in Beijing Western Suburbs as Cultural Landscapes | Kanglin Chen |
| 10-min Break | | | | | |
| | 09:30-10:50 | Panel | 117 | New Directions in Heritage Conservation in China | Amita Sinha et al. |
| 10-min Break | | | | | |
| | 11:00-12:20 | Oral | 230 | The Grass Ceiling: Towards an alternative history of landscape architecture in Chicago | Conor O'Shea |
| | | | 246 | Morrell and Nichols' Historical Park as an influential setting for North Dakota's Art Deco Capitol Building | Dominic Fischer |
| | | | 18 | Landscape History in the Digital World: A Case Study of 1920s Los Angeles | Christine Edstrom O'Hara |
| Lunch (12:20-13:30) On Your Own | | | | | |
| | 13:30-14:50 | Oral | 304 | Changing legacy landscape to evolving social-political contexts in contemporary China | Zhifang Wang |
| | | | 365 | Healing the Trauma of Displacement: the role of heritage, ontological security and sense of place | Elizabeth Brabec |
| | | | 82 | Postwar Urban Redevelopment and the Politics of Exclusion: The Case of San Francisco's Chinatown | Chuo Li |
| | | | 66 | Forms, Transitions, and Design Approaches in Landscape Architecture: a Feminist Perspective? | Tai-Hsiang Cheng |
| 90-min Interactive Presentation (Poster), Lobby (near Registration) / Coffee-Tea Break (14:50-16:20) | | | | | |
| 28-May | 08:00-09:20 | Panel | 124 | Kah-kee Style, Cultural Universe of Overseas Chinese and Hybrid Modern | Tianjie Zhang et al. |
| 10-min Break | | | | | |
| | 09:30-10:50 | Oral | 34 | The Natural History of Beijing | Ron Henderson |
| | | | 69 | Landscape Architecture in China Since 1900 | Qing Lin |
| | | | 123 | Quantitative comparison between Chinese garden with American Designed landscape influenced by China: A case study of Flowing Fragrance Garden in Huntington library and Humble Administrator's Garden | Ming Chen |
| | | | 77 | An Exploration into the Special Implications of Agricultural Landscape in Chinese Royal Gardens | Qian Ji |

| Concurrent Session (ROOM 5: A0201)--May 27 (Full day) & May 28 (Morning) | | | | | |
|--|-------------|------|-----|--|---------------------|
| Date | Time | Type | ID | Title | Presenter |
| 27-May | 08:00-09:20 | Oral | 42 | Making sustainable urban small public space | Mo Wang |
| | | | 396 | Importance-Performance Analysis: A useful survey technique for measuring social benefits of landscape performance | Christopher Ellis |
| | | | 285 | Eco-Wisdom Knowledge System Digging of Spatial Management of Flooding and Drought at Yu-Jia Traditional Village where called 'the Canal Town in Draught Area' | Hongyu Zhao |
| | | | 384 | Landscape Performance for Raingarden Maintenance: A Post-Project Assessment Study of RiverSmart Homes in Washington, D.C. | Victoria Chanse |
| 10-min Break | | | | | |
| | 09:30-10:50 | Oral | 111 | Designing with pollution: expanding the performance of residential open space in Beijing | Junya (Jenny) Yu |
| | | | 155 | Research on Landscape Performance of Wuhan Garden Expo based on Carbon Sequestration of Green Plants | Lihua Yin |
| | | | 144 | How Do The Landscape Elements Act On Thermal Environment? A Case Study In Humid And Hot Area | Ruizhi Chen |
| | | | 423 | Evaluation of the thermal comfort and health benefits for residential gardens | Chen-Fa Wu |
| 10-min Break | | | | | |
| | 11:00-12:20 | Oral | 169 | Serviceability Evaluation and Layout Optimization of Green Space Based on Spatial Reachability from the Perspective of Built-Environment Regeneration -A Case Study on Wuhan East Lake High -tech Zone | Lingyu Ran |
| | | | 284 | Flooding and Drought Hazard Spatial Management Performance Analysis of Yu-Jia Traditional Village Based on Hydrological Ecological Risk Assessment | Hongyu Zhao |
| | | | 166 | The Design Performance of the Community Greenways in Shenzhen, China | Xili Han |
| Lunch (12:20-13:30) On Your Own | | | | | |
| | 13:30-14:50 | Oral | 57 | Valuing natural reserves using the Contingent Valuation Method | Haeryung Kim |
| | | | 387 | Assessment of a restoration design proposal on a large scale project in California using a landscape performance assessment tool | Miran Day |
| | | | 16 | Promoting Landscape Performance Measurement: A Collaborative Baseline Data Collection Experience | Yi Luo |
| 90-min Interactive Presentation (Poster), Lobby (near Registration) / Coffee-Tea Break (14:50-16:20) | | | | | |
| | 16:20-17:40 | Oral | 95 | Evaluation of the over-summering capacity of Sedum lineare on an extensive green roof in Shangha | Tianqing Luo |
| | | | 201 | Creative Playscape : A Post-Occupancy Evaluation of the Smale Riverfront Park Heekin Adventure Playground, Cincinnati, Ohio | Ponnapa Prakkamakul |
| | | | 401 | The Role of Small City Parks in Urban Sustainability: Case of Soundscape Park in Miami Beach | Ebru Ozer |
| 28-May | 08:00-09:20 | Oral | 138 | The ecosystem-service performance analysis of the Three-hills and Five-gardens in Beijing, China | Qing Chang |
| | | | 223 | Assessing Landscape Performance of a National Park Service Treasure: Mount Rushmore National Memorial | Matthew James |
| | | | 405 | Multifunctional Riparian Wetland Performance | Gary Austin |
| | | | 431 | Trees for conserving energy: knowns and unknowns | Yekang Ko |
| 10-min Break | | | | | |
| | 09:30-10:50 | Oral | 142 | Situation and Development of Local Landscape Under Urbanization Background: A case study in Zhangguying village, Hunan province | Weijuan Chen |
| | | | 376 | Comparative Analysis of Landscape Heritage of War in China and the United States: Values, Perspectives, and Conservation Strategies | Cheng Fang |
| | | | 153 | How to Design the Memory of Place in the Place of Memory | Eunshin Son |

| Concurrent Session (ROOM 6: A0203)--May 27 (Full day) & May 28 (Morning) | | | | | | | | |
|--|-------------|--|--------------|---|-----------------------|--|--|-------------|
| Date | Time | Type | ID | Title | Presenter | | | |
| 27-May | 08:00-09:20 | Oral | 9 | Transforming Vacant Lands through Smart Decline | Galen Newman | | | |
| | | | 38 | The process of Slums Formation in a Metropolitan Fringe based on Land-Cover/Use change dynamics detection | Yiwen Han | | | |
| | | | 422 | A synthetic cartography of dredging in the southeastern United States | Robert Holmes | | | |
| | | | 359 | Re-cycling Waste: Adapting Aspects of the Pearl River Delta's Dike-Pond System for Flood-Control and Fish Farming on Virginia's Four Mile Run | Zhewei Hu | | | |
| 10-min Break | | | | | | | | |
| | 09:30-10:50 | Panel | 149 | Study on Landscape Ecological Design of Artificial Lake Based on Numerical Simulation-Application of MIKE21 Model in Mengze Lake Water Environment Planning | Fuicui Gou et al. | | | |
| 10-min Break | | | | | | | | |
| | 11:00-12:20 | Oral | 173 | Strategy system of near-naturalization for urban canalized river | Danzi Wu | | | |
| | | | 310 | Land Cover Patterns and Water Quality for Sustainable Urban Drainage Systems | Joomee Lee | | | |
| | | | 80 | The Stormwater Regulation and Storage Capacity of Beitang Landscape and Its Application Scenarios in the Field Scale | Qianzi Jiang | | | |
| | | | 15 | Urban stream restoration and conservation: A Case Study of Herring Run | Archana Sharma | | | |
| Lunch (12:20-13:30) On Your Own | | | | | | | | |
| | 13:30-14:50 | Panel | 314 | Characteristics of Forest Vegetation on Busan Metropolitan City and Potential Natural Vegetation | Sang Cheol Lee et al. | | | |
| 90-min Interactive Presentation (Poster), Lobby (near Registration) / Coffee-Tea Break (14:50-16:20) | | | | | | | | |
| | 16:20-17:40 | Oral | 433 | Planning the Future of Coastal Georgia with Geodesign | Alison Smith | | | |
| | | | 343 | Formation and Development of regional landscape system inside and outside Jinan City, China | Jinshi Zhang | | | |
| | | | 147 | Cross-scale landscape planning approach oriented to boosting ecosystem services in mining areas | Qing Chang | | | |
| | | | 254 | Initiating a Regional Open Space Strategy for Central Puget Sound: Process and Tools | Nancy Rottle | | | |
| 28-May | 08:00-09:20 | Panel | 363 | Define the 'Ecological Red Line' and Integrate the Ecological Network in Urban and Rural Area: A Case Study of Yangzhou, Jiangsu | Tongxiang Su et al. | | | |
| | | | 10-min Break | | | | | |
| | | | | 09:30-10:50 | Oral | 391 | Capturing a 100-Year Storm: Green Stormwater Infrastructure as Climate Adaptation Strategy in Central Pennsylvania | Tawab Hlimi |
| | | | | 278 | | A decision support method for urban plant selection based on the habits of sunshine requirements | Heyi (Hollyee) Wei | |
| | 200 | A Study on Landscape Performance Assessment of Hurbs Based on Green Infrastructure of Wuhan High-tech Development Zone | Zhenjie Zhu | | | | | |
| 10-min Break | | | | | | | | |
| | 11:00-12:20 | Panel | 449 | Effect on mitigating temperature by constructing large park in urban area. | Suk-hwan Hong et al. | | | |

| Concurrent Session (ROOM 7: A0205)--May 27 (Full day) & May 28 (Morning) | | | | | | | | |
|---|--|-------------|---|--|-----------------------------|--|-------------|--|
| Date | Time | Type | ID | Title | Presenter | | | |
| 27-May | 08:00-09:20 | Oral | 99 | Public perception of ecosystem service values of Beitang landscape in the mountainous city | Qianzi Jiang | | | |
| | | | 378 | Building and Sustaining Ecological Connectivity Across International Boundaries: The Case Study of the Strandja - Istranca (Yildiz) Mountains of Bulgaria and Turkey | Tutku Ak | | | |
| | | | 194 | Crime, Fear of Crime, and Types of Green Infrastructure: A Literature Review | Pongsakorn Suppakittpaisarn | | | |
| | | | 267 | People's Use of Urban Small Park: A Case Study of Haidian, Beijing, China | Chang Luo | | | |
| 10-min Break | | | | | | | | |
| | 09:30-10:50 | Panel | 125 | Renegotiating the identity under cosmopolitan ambitions: The regeneration of modern parks at previous foreign concessions in Tianjin, China | Tianjie Zhang et al. | | | |
| 10-min Break | | | | | | | | |
| | 11:00-12:20 | Oral | 159 | A study on the mechanism of place attachment and place design strategy in Liuhua Lake Park in Guangzhou, China | Guangsi Lin | | | |
| 328 | | | The Role of Water-Based Imageability in Climate Adaptation: Promoting Upstream Water Retention through Water-Based Place Identity | Hope Hui Rising | | | | |
| 282 | | | Developing with Water: Assessing Residents' Perception of Waterfront Landscapes in Las Colinas Urban Center, Texas, USA | Xiaolu Ma | | | | |
| Lunch (12:20-13:30) On Your Own | | | | | | | | |
| | 13:30-14:50 | Panel | 131 | Exploring the Optimization of the Landscape Design for the Safe Recreational Demands in the Space under the Urban Viaduct | Meng-yun Chen et al. | | | |
| 90-min Interactive Presentation (Poster), Lobby (near Registration) / Coffee-Tea Break (14:50-16:20) | | | | | | | | |
| | 16:20-17:40 | Oral | 301 | How were mountain landscapes envisioned in the planning of modern Beijing? A qualitative geographical information systems approach | Zheng Li | | | |
| | | | 39 | Unlocking the Potential of Big Data from Mobile Phone Base Stations to Assess Urban Green Space Utilization | Dan Chen | | | |
| | | | 417 | Comparing stationary eye-tracking device and eye-tracking goggle for measuring the level of fear of nighttime darkness | Mintai Kim | | | |
| | | | 47 | Integration of AR and Built Environment: Can Pokémon GO Promote the Use of Urban Green Space? | Ben Ma | | | |
| 28-May | 08:00-09:20 | Panel | 134 | Microclimate Effect Measured Research and Improvement Strategy of The Urban Street Tree-shaded Space In Xi'an | Ya-ni Fan et al. | | | |
| | | | 10-min Break | | | | | |
| | | | 09:30-10:50 | Oral | 339 | Affordances of Urban Neighborhood Environment for Children's Outdoor Physical Activity: A Case Study of Yan-Dong-Yuan Community | Chen Qu | |
| | | | | | 425 | More Fences, More Freedom? Exploring the impact of environmental features on parents and other caretakers' strategies for supervising children in public play environments | Daniel Jost | |
| 442 | Playground as a Diagnostic Indicator of a Child's Well Being | David Watts | | | | | | |
| 10-min Break | | | | | | | | |
| | 11:00-12:20 | Panel | 162 | A Method of Constructing Night Scene in Bridge Parks Based on Illumination Psychological Setting Effect: Taking Wuhan Simeitang Park as an example | Tian-Qi Zhao et al. | | | |

| Concurrent Session (ROOM 8: A0211)--May 27 (Full day) & May 28 (Morning) | | | | | |
|---|-------------|-------------|-----------|---|-------------------------|
| Date | Time | Type | ID | Title | Presenter |
| 27-May | 08:00-09:20 | Oral | 292 | Urban Mood Footprint: Design Interventions to Enhance Adolescents' Health | Dongying Li |
| | | | 289 | A Comparison of park access with park need for children: Case Study in Cache County, UT., USA. | Shuolei Chen |
| | | | 366 | The Green Road to Recovery: Design with Nature to Heal the Wounded | Jack Sullivan |
| | | | 432 | Proximity of Public Schools to Major Highways and Industrial Facilities, and Its Effects on Students' School Performance and Health Hazards | Byoung-Suk Kweon |
| 10-min Break | | | | | |
| | 09:30-10:50 | Oral | 407 | Mitigating the Thermal Characteristics of Stormwater Runoff through Low Impact Development | Charlene LeBleu |
| | | | 55 | Distance and Vegetation Factors Affect Little Egrets (<i>Ardea garzetta</i>) Habitat Selection in Natural and Constructed Wetlands | Lin Lu |
| | | | 51 | Green Roof Plants Trials - An investigation of new plants from genus of <i>Delosperma</i> for green roofs by cutting | Chen Peng |
| | | | 229 | Case Studies in Landscape Surface | Mary Pat McGuire |
| 10-min Break | | | | | |
| | 11:00-12:20 | Oral | 245 | Design Anthropology: Bridging anthropology and landscape architecture | Gareth Doherty |
| | | | 303 | A framework for design research of landscape architecture | Zhifang Wang |
| | | | 288 | Identification of landscape character types for integrated landscape conservation in the Wuling Mountain multi-ethnic area of southwest China | Bin Zhang |
| Lunch (12:20-13:30) On Your Own | | | | | |
| | 13:30-14:50 | Panel | 232 | Design as Laboratory: locating design-directed research within university scholarship | Mick Abbott et al. |
| 90-min Interactive Presentation (Poster), Lobby (near Registration) / Coffee-Tea Break (14:50-16:20) | | | | | |
| | 16:20-17:40 | Oral | 3 | Incorporating Environmental Data and Citizen Science into Mobile Information Platform to Promote Low Impact Development | Zhenghong Tang |
| | | | 5 | Microclimatic Design of the 2020 Olympic Marathon Route: Establishing a Baseline | Robert Brown |
| | | | 294 | Spatial differentiation patterns and influencing mechanism of urban greening in China: Based on data of 289 cities | Fangzheng Li |
| | | | 341 | Research on the Characters and Mechanism of Tempo-Spatially Response of Suburban Town Green Spaces of Beijing under the Urbanization Process: A case of Tong Zhou District, Beijing | Yun Lu Zhang |
